Hello!

You are invited to attend an important meeting about the future of the Lortondale Pool Club on April 21, 2009 at 7:00 p.m. at the Church of Christ located at 2901 S. Yale.

The pool confronts two issues this year. First, a recent federal law requires the installation of safety devices to enable the pumps to automatically shut off if there is an obstruction on the main drain (such as a child). The cost will be approximately \$2,000 to \$2,500. The organization does not have the funds to pay for this. It will cost an additional \$3,000.00 for start up expenses for this season.

The second issue concerns the pool's ongoing viability. For many years now, Susan Willis and Susan Rogers have run all operations of the pool virtually by themselves. They have dropped literally thousands of their own dollars in doing so. If the pool is going to be an ongoing concern, a better organizational structure must be developed and supported by active volunteers. Both Susans are willing to help new leadership this year at the pool, but they can no longer continue the commitment of time and money.

The neighborhood pool can be a true asset. Both issues must be addressed for the pool to open this year.

Please attend this important meeting. Your involvement is critical.

Yours very truly,

Mark S. Darrah
